## Executive Summary

June 17, 2025

Honorable Board of Directors:

As we embark on the fiscal year 2025-2026, it is my pleasure to present a budget that underscores the Midway City Sanitary District's (District) unwavering commitment to customer-focused service and relentless innovation. Our strategic vision remains centered on enhancing the experiences of our customers, delivering unparalleled value through innovative solutions, and our responsibility towards environmental stewardship for a better tomorrow.

Over the past year, we have made significant strides in understanding and anticipating the needs of our diverse customer base and infrastructure needs. This budget reflects our dedication to deepening these relationships by investing in advanced technologies, streamlined processes that prioritize customer satisfaction, and evaluating and implementing advancement of the District's infrastructure and needs in wastewater and refuse collection. Our approach is guided by the belief that exceptional service and being proactive vs reactive in protecting the health and safety of the environment and the people we serve is the cornerstone of the District's long-term success.

Innovation and partnerships continue to be a driving force within our organization. We are allocating substantial resources to wastewater and refuse collection, planning/research, and services/program development, ensuring that we stay at the forefront of industry advancements. By embracing new technologies forming strong community partnerships and fostering a culture of continuous improvement, we aim to create services that not only meet but exceed our customers' expectations.

Key initiatives for the upcoming fiscal year include:

1. **Enhancing Customer Experience:** We are committed to refining our customer service practices and implementing advanced platforms that facilitate seamless and efficient interactions. This initiative includes upgrading our training programs to equip our team with the necessary skills to deliver exceptional service. Additionally, we are focusing on raising awareness of our District's identity and value proposition through community engagement thereby strengthening our

connection with customers and stakeholders—our most dedicated supporters and advocates.

2. **Investing in Technology and Innovation:** The budget allocates significant funds toward developing innovative solutions that meet current demands while anticipating future trends. Our strategic focus involves streamlining technology, exploring artificial intelligence, and leveraging these advancements to enhance both customer experience and operational efficiencies. Investments in automated systems, inspections, predictive maintenance, and smart infrastructure are designed to optimize operations, reduce costs, and minimize errors, resulting in improved service quality, faster response times, greater accuracy, and enhanced reliability. Moreover, we are committed to adopting sustainable technologies that reduce our environmental impact and align with our stewardship goals. Additionally, we remain dedicated to advancing our technology infrastructure and strengthening our cybersecurity measures, ensuring that our systems are secure, resilient, and fully capable of supporting our ongoing digital transformation initiatives. These advancements will enable us to improve the quality of services we provide, ensuring faster response times, greater accuracy, and more reliable services.
3. **Infrastructure and Environmental Stewardship:** We are dedicated to establishing a robust infrastructure for our wastewater systems and refuse collection services. Our commitment includes modernizing existing facilities and fleet operations and expanding our capabilities to efficiently and safely manage increased demand. Key initiatives include updating our Sewer System Master Plan, developing a new capital improvement plan, and executing essential repairs and replacements of sewer lines and manholes. In alignment with our commitment to sustainability, we are transitioning several fossil fuel vehicles to electric vehicles and advancing our EV systems, including the implementation of a solar microgrid project designed to support electric refuse trucks. Additionally, we are steadfast in our environmental stewardship through comprehensive recycling and solid waste management programs. These efforts incorporate innovative waste sorting technologies, community recycling education initiatives, and strategic partnerships with local organizations, activists, media, and schools. Our overarching goal is to create a sustainable, high-performing infrastructure that meets our operational needs while reducing our environmental footprint.
4. **Employee Development:** Recognizing that our employees are our greatest asset, we are dedicated to investing in their professional growth. By offering access to advanced training and development programs, we aim to cultivate a highly skilled, motivated workforce that drives our customer-centric and innovative initiatives. Our efforts include specialized training in emerging technologies and safety protocols, ensuring our team is well-equipped to navigate the challenges of an ever-evolving industry.

The budget for the District consists of \$18,099,000 in operating revenue, \$15,360,800 in operation expenses and a \$3,220,000 capital outlay and improvements budget. The District will take on several capital projects and asset replacement in 2025-2026. Several sewer/wastewater projects will be planned, as well as the replacement of several old vehicles with newer EV versions. The District will continue to review and analyze data from CCTV inspections of the entire sewer system, ensuring that all collected information is thoroughly evaluated. Our efforts also include spraying manholes for effective bug and pest control, assessing manholes for composite cover performance, and installing flow monitors. In addition, we are evaluating the completed Sewer Master Plan that will serve as a comprehensive capital repair and maintenance blueprint for the next 5-years.

The size of these budgets is indicative of the breadth, depth and diversity of services, projects, and activities undertaken by the Midway City Sanitary District for public health and safety, quality of life, and infrastructure maintenance.

Revenues by Source

Midway City Sanitary District (MCSD) receives its revenues from a variety of sources. The pie-chart below reflects MCSD's primary source of funding for District activities. Predominately MCSD's funding, 44.16% comes from trash and sewer service Fees assessed to users of the sewer and solid waste services MCSD provides. The second highest source of funding is the portion of Ad Valorem Taxes and Pass-thru property tax funds MCSD receives from property owners of the District at 31.23%.

**Revenues by source:**

**Expenses by Department**

The District's budget has traditionally been organized by department. The adopted budget document maintains this approach, providing a detailed narrative and accounting for the District's revenues, expenses, and capital expenditures within each department.

Solid waste accounts for 46.80% of the operating budget and sewer services at 21.69% for a combined total of 68.49%. The remaining 31.51% is for support services including the Board of Directors, fleet maintenance and administration departments.

**Expenses shown by department:**

As we move forward, I am confident that our strategic investments and unwavering commitment to excellence will position us for continued success. The Budget is balanced; the Board of Directors' goals and priorities are funded; the challenges we face are manageable. Together, we will build on our achievements to navigate the challenges ahead with resilience and agility. I extend my gratitude to our loyal community, the Board of Directors, our dedicated employees, and valued stakeholders for their continued support.

Let us embrace the opportunities that lie ahead with determination and a shared vision of excellence.

## Midway City Sanitary District Information and Statistics

The Midway City Sanitary District (MCSD) was formed by a vote of the people in 1939 for the purpose of providing the community refuse and sewer services. MCSD is an independent special district of the State of California, formed in 1939 under the Sanitary District Act of 1923. The first meeting of the Midway City Sanitary District Board was held January 13, 1939, at 7:00 P.M. at the fire hall in Midway City.

The Midway City Sanitary District services approximately 99,018 residents within its 10.4 square mile service area of the City of Westminster and the unincorporated area of the County of Orange known as Midway City. The Midway City Sanitary District provides solid waste to approximately 20,000 residences and sewer services to approximately 35,000 residences & businesses.

Midway City Sanitary District is operated by a Board of Directors, General Manager, administrative staff, and field personnel. The Board of Directors is elected by the public and serves staggered four-year terms. The Board of Directors meets on the first and third Tuesdays of each month. Midway City Sanitary District currently employs thirty-five (35) employees that work in one of the service categories: administration, sewer maintenance, solid waste, and fleet maintenance.

The Midway City Sanitary District provides wastewater transmission, cleaning of sewage lines, approval of plans, and the inspection of the construction of sewer lines built within MCSD boundaries by developers, and solid waste collection and disposal services to the residents and businesses (via a third-party franchisee, CR&R Incorporated) of the District.

MCSD owns and operates vehicles for the above purposes and owns property on which the MCSD office and truck facilities are located including a garage and other buildings for the purpose of servicing and maintaining trucks and sewer lines. MCSD has contracted with a third party for the collection of commercial solid waste collected in bins.

MCSD recovers the cost of its services through service rates imposed on users of the service. Adopted June 21, 2022, the FY 25-26 annual rates for services are \$8.88 per month (\$106.54 per year) per unit for sewer service and \$17.30 per month (\$207.62 per year) per unit for residential three-cart curbside service, and \$3.37 per month (\$40.40 per year) for each additional cart service requested.

### GANN APPROPRIATIONS LIMIT

Commonly referred to as the Gann Limit, this was a ballot initiative adopted in 1980, and modified by Proposition 111, which passed in 1990, to limit the amount of tax proceeds state and local governments can spend each year. The Gann Limit now appears in the California's State Constitution as Article XIII B.

The limit changes annually and is different for every organization. Each year's limit is based on the amount of tax proceeds that were authorized to be spent in FY 1978-79 in each jurisdiction and modified for changes in inflation and population in each subsequent year. By law, inflationary adjustments are based on the California Department of Finance's official report on changes in states per capita income or in non-residential assessed valuation due to new construction. Population adjustments are based on the changes in the District's population levels. Each year the Board of Directors must adopt, by resolution, an appropriations limit for the following year. Using the cost-of-living data provided by the State of California, and population and per capita personal income data provided by the California State Department of Finance, MCSD's Appropriation Limit for 2025-2026 is \$9,364,480. A copy of the adopted Gann Appropriations Limit Resolution with calculations, can be found in the Supplemental Information Section on page 38.

Additional appropriations to the budget funded by non-tax sources such as service charges, restricted revenues from other agencies, grants, or beginning fund balances are unaffected by the Appropriations Limit.

## **BUDGET PROCESS**

The budget process is not simply an exercise in balancing one year at a time; it is strategic in nature, encompassing a multi-year financial and operating plan that allocates resources based on identified goals and objectives. The Midway City Sanitary District's budget is prepared on an annual basis and is based on the priorities, goals, and objectives established by the Board of Directors. The budget document communicates how the District invests its revenues derived from user fees and fixed revenue sources to support its mission and its programs.

## **BASIS OF THE BUDGET**

The Midway City Sanitary District (MCSD) is a special district of the State of California and operates as a single enterprise fund. The activities of the enterprise funds closely resemble those of businesses and are substantially financed by revenue derived from user charges.

The basis of accounting refers to the timing of revenue and expenditure recognition for financial reporting. In preparing the budget, the District applies the same methodology. MCSD prepares its budget using the full accrual basis where revenues are recognized when earned, and expenses are recognized when they are incurred. The District's accounting and financial reporting systems are maintained in compliance with Generally Accepted Accounting Principles and standards of the Government Accounting Standards Board.

## **BUDGETARY CONTROLS**

Budgetary controls are maintained by the District to ensure compliance with the annual budget adopted by the Board of Directors. All financial activities for the fiscal year are included in the annual budget. Budgetary control is maintained at the management level for operating budgets, and at the project level for capital improvements. The Board of Directors receives budget updates quarterly.

MCSD's budget is prepared on an annual basis and since the budget is an estimate, at times it is necessary to make adjustments to meet the priorities and needs of the District.

The first milestone in this process is the midyear budget review. During this process, the District compiles the first six months of actual financial data and projects the final six months of data to obtain a new 12-month projected budget. The Finance Department compares the 12-month projection to the original budget adopted by the Board of Directors and presents the results to the Board of Directors for review.

The budget is revised when expenditures are anticipated to exceed estimates. A report outlining the reasons for increasing the budget appropriation has been prepared and submitted to the Board of Directors for consideration.

Increases in budget appropriations must be approved by the Board of Directors. Budget transfers affecting personnel and capital outlay must be approved by the General Manager. Reallocations or transfers within a department or project/program require the approval of the General Manager and/or the Director of Finance.

### BUDGET CALENDAR

As part of the annual budget development process, the Board of Directors reviews the budget calendar and schedules a series of workshop/study sessions, ultimately resulting in a budget adoption. The workshop/study sessions allow the Board of Directors and the public an opportunity to hear staff’s preliminary outlook for the upcoming budget and more importantly to voice priorities, goals, and objectives.

The following budget calendar is presented to aid in the preparation of the budget:

February 18, 2025	Budget Calendar Approved by the Board of Directors
February/March 2025	General Manager/Department Head Meetings – Estimates Due
May 3, 2025	Public Budget Workshop/Study Session
June 17, 2025	Public Hearing & Adoption of Budget

## BUDGET ASSUMPTIONS

Every budget includes several estimates and assumptions about what revenues will be available and what conditions will affect the District's operations during the budget year. It is important to list the key assumptions to help establish a context for review of the budget. If a revenue source is decreased or eliminated, expenditures should be reduced in response. Some of the key assumptions are:

### **REVENUE ASSUMPTIONS**

Per the Revenue and Taxation Code section 51, the State Board of Equalization provides to County Assessors the inflation factor to be used in preparing the annual property tax assessment roll. Proposition 13 property tax assessments will be increased in Orange County, due to a positive Consumer Price Index (CPI) inflation adjustment of 2.0%.

1. Property Tax: Overall countywide assessed values are projected by the Orange County Assessor to increase approximately 2.514%. The District will apply a 2.0% increase to property tax revenues for increases in property tax and the additional increase in assessed value to market value when property is sold at a higher value.
2. Trash and Sewer Collection Fees are being budgeted to reflect the current annual rates for service of \$106.54 per unit for sewer service and \$207.62 per unit for residential curbside (solid waste) service.
3. Special Agreements for service(s) are budgeted to reflect an annual increase of 2.0% plus any service fee adjustments.
4. Franchise Fees: MCSD collects franchise fees from CR&R Inc. for solid waste collection of commercial, industrial, and other businesses from MCSD's service area. MCSD's franchise fee is limited to 14 percent (effective July 1, 2014) of the franchisee's gross annual receipts from the service area.
5. Investments: The market remains strong. The District will seek investment opportunities in accordance with the Investment Policy as they arise. Earnings on the investments of the District's operating cash and reserves will be budgeted conservatively for the year as inflation starts to slow and the Federal Reserve also considers reducing their rate, thereby potentially affecting future investment returns.

**EMPLOYEE, MATERIALS, SUPPLIES AND SERVICES ASSUMPTIONS**

6. Operating, maintenance, and administrative costs are expected to increase because of general inflation. Increases are anticipated among personnel salaries, benefit increases, materials, supplies, and services agreements.
7. The budget reflects all departments as fully staffed, including one new full-time Engineer Technician position in the Administration Department.
8. A Memorandum of Understanding (MOU) for the represented employees went into effect November 5, 2024. Contracted salary increases are included in the budget as part of a three-year agreement.
9. MCSD and employees share in the contributions made into a defined benefit retirement plan. Retirement costs for employees enrolled in CalPERS have been assessed at a rate of:

<b>CalPERS</b>						
<b>Employer Contribution Rates</b>	<b>FY 2020-21</b>	<b>FY 2021-22</b>	<b>FY 2022-23</b>	<b>FY 2023-24</b>	<b>FY 2024-25</b>	<b>FY 2025-26</b>
3% @ 60 Tier 1 (closed 2009)	15.45%	15.25%	15.25%	17.26%	17.33%	17.39%
2% @ 55 Tier 2 (Classic-open)	11.03%	10.88%	10.87%	12.47%	12.52%	12.58%
2% @ 62 Tier 3 (PEPRA 2013)	7.73%	7.59%	7.47%	7.68%	7.87%	7.96%

10. Other employee benefits and insurances have been budgeted to increase by moderate amounts based on inflation.
11. Tonnage (dumping fees) fees are subject to an annual CPI increase each fiscal year. The additional tonnage fees imposed by the County and per the Exclusive Franchise Agreement have been absorbed by the District and not passed through to the District's residential customers. Additionally, there is no tonnage fee on recycled items placed in the blue carts.

The table below shows the tonnage cost per ton for each of the different types of waste streams.

Fiscal Year	COLA	Black	Blue	Green
		Solid Waste Container Rate Per Ton	Recycling Container Rate Per Ton	Organics Container Rate Per Ton
FY 25-26	3.15%	67.12	0.00	112.84
FY 24-25	3.24%	65.30	0.00	109.39
FY 23-24	5.23%	63.25	0.00	108.63
FY 22-23	3.42%	59.19	0.00	100.70
FY 21-22	1.62%	56.25	0.00	97.37
FY 20-21	3.04%	55.51	49.00	95.82

**DEBT FINANCING ASSUMPTIONS**

12. The Midway City Sanitary District is currently debt free and has no current plans to issue any debt to fund the Capital Improvement Program (CIP).

**RESERVE ASSUMPTIONS**

Tracking the District's reserves provides a measure of the overall fiscal health of the District's finances and can be used to help make projections on what capital projects the District can plan for and when.

The budget reserves are summarized as follows and include recommendations for long-term reserve levels:

**UNRESTRICTED RESERVES:**

**13. OPERATING FUNDS:**

Operating cash flow is established and maintained to fund the day-to-day operations, maintenance, unforeseen emergencies, unanticipated revenue shortfalls or unexpected expenditure increases.

**DESIGNATED:**

**14. ORANGE COUNTY – MIDWAY CITY (DESIGNATED) RESERVE:**

These funds are received from the County of Orange. These funds are for operational and capital infrastructure projects within the unincorporated area of Midway City. This reserve has been established to ensure funds are available for

the replacement, upgrade and refurbishment of the District's sewer lines located in the unincorporated area of Midway City as well as operational costs.

15. LIFT (PUMP) STATION & SEWER LINE RESERVE:

This reserve has been established to ensure adequate funds are available for the replacement, upgrade and refurbishment of the District's sewer lines and lift stations. The long-term target for the sewer lines reserve is for the Sewer System Master Plan to be funded from reserves and not from current revenues. The level of reserve will be established as an amount equal to half of the District's sewer assets on the books.

16. VEHICLE REPLACEMENT RESERVE:

A vehicle replacement reserve is established and maintained to ensure adequate funds are available for the systematic replacement and refurbishment of the District's sewer, solid waste, and maintenance trucks and vehicles.

17. BUILDINGS, EQUIPMENT AND FACILITIES RESERVE:

This reserve was established to ensure that the District has adequate funds available for the acquisition, construction, replacement, and maintenance, for infrastructure, land, equipment, and facilities.

18. COMPRESSED NATURAL GAS (CNG)/EV FUELING FACILITIES RESERVE:

The CNG fueling facility became operational in October of 2015 to support the District's CNG fleet. This reserve was established to ensure that the District has adequate funds available for the future replacement and repair/maintenance of the CNG equipment and facility and for electrical vehicle facilities.

19. EMERGENCY AND CONTINGENCY RESERVES:

May be used for unanticipated and nonrecurring extraordinary needs of an emergency nature, including a natural disaster or calamity and in the event of a declared State of Emergency. The fund may also be used for nonrecurring and unforeseen needs, unexpected obligations created by state and federal laws, new public safety or health needs after the budget process has occurred, or opportunities to achieve cost saving. It may also be used to cover revenue shortfalls experienced by the District and for cash flow management purposes.

### GENERAL/ENTERPRISE FUND

Midway City Sanitary District (MCSD) is an enterprise district, in which operations are financed and operated in a manner similar to private business enterprises where the cost of providing goods and services is financed primarily through user charges. The majority of the revenues are derived from a special assessment (service fees) set annually by the MCSD Board of Directors and placed on the property tax roll. Other revenues are received from property taxes, plan checks and permit fees.

The General Fund is the general operating fund of MCSD. All General Fund tax revenues and all other receipts and user fees are accounted for in this fund. Expenditures of this fund includes operating expenses and capital improvement costs.

The Capital Outlay & Improvement budget is robust and is focused on the addition of several significant capital projects for sewer, SCADA system, EV vehicles, and acquisition of additional Solid Waste vehicle fire suppression units.

Generally, the increase in expenses for capital outlay and improvement projects vary year-to-year in large part due to the District's aggressive plan to ensure current and future services to the customers of the District. The Capital Outlay & Improvement budget will be funded by a variety of financing activities. Capital improvement projects will be funded from unencumbered operating revenues, pass-thru funds, and District capital reserves as needed.

## SOLID WASTE DEPARTMENT

Solid Waste Department budgeted for sixteen employees.

The Solid Waste Department provides solid waste collection averaging 150 tons of refuse per day from approximately 100,000 residents within the collection service area. The commercial accounts are serviced by a private refuse collection hauler that contracts with Midway City Sanitary District and pays a franchisee fee to the District to operate within its boundaries.

The field crew provides residential solid waste collection. MCSD services approximately 20,000 residences per week, 61 of which are special service patrons, a bulky pick-up program, mattress and used oil recycling programs, and a Helping Hands Program for our senior and disabled residents.

The special services program is designed for our patrons who are unable to move the solid waste carts to the curb for pickup. The solid waste worker moves the cart to the curb and returns the empty cart to where it is stored.

The Wastewater/Sewer System Maintenance Department, budgeted for five employees.

The collection system is operated to transport wastewater collected from residential and commercial patrons of the City of Westminster and the unincorporated area of Midway City to the Orange County Sanitation District for treatment. The water is then recycled for use in the Ground Water Replenishment System (GWRS) or is treated and deposited into the ocean.

The Sewer Maintenance Department maintains and services the MCSD collection system which can collect up to 9.157 million gallons of sewage per day (system wide). The District Sewer Maintenance Operations crew consists of five employees (three Sewer Maintenance Workers, a Pump Mechanic, and one Supervisor/Inspector).

The existing collection system has a replacement value of approximately \$588 million dollars and is comprised of approximately 163.5 miles of gravity flow sewer lines or 863,261 linear feet ranging in size from 6 inches to 18 inches, approximately 2.5 miles of force main sewer lines ranging in size from 6 inches to 8 inches, and four lift stations. All four lift stations were renovated in 2008 and 2009. The existing system also includes 3,361 manholes and 24 inverted siphons. There are approximately 35,840 service connections to the system.

**RESOLUTION NO. 2023-09**

**A RESOLUTION OF THE BOARD OF DIRECTORS OF THE MIDWAY CITY SANITARY DISTRICT OF ORANGE COUNTY APPROVING AMENDED PURCHASING POLICY AND PROCEDURES.**

THE BOARD OF DIRECTORS OF THE MIDWAY CITY SANITARY DISTRICT FINDS AND DETERMINES AS FOLLOWS:

A. The Midway City Sanitary District Board of Directors previously adopted amended Purchasing Policy and Procedures in 2014 and revised said Purchasing Policy and Procedures in 2015, 2016, and 2017.

B. The Board of Directors has determined that the existing Purchasing Policy and Procedures should be revised and updated..

C. Rents, the cost of land, wages and benefits, taxes, insurance rates and the administrative costs of doing business are substantially higher for businesses located within the District’s jurisdictional boundaries than for many businesses located elsewhere.

D. It is well-documented that other states and jurisdictions are actively soliciting local businesses to relocate elsewhere based on the higher cost of doing business locally, the result of which is an erosion of the local economic base. Erosion of the local economic base will reduce District options available for obtaining goods and services which is likely to increase the District’s costs in obtaining goods and services.

E. It is in the interests of the District’s ratepayers that businesses currently located within the District’s jurisdictional boundaries remain locally based instead of relocating to outlying areas or other states.

F. Based upon the foregoing, the District’s local vendor preference is supportive of local economic development and maintained local economic viability.

**NOW, THEREFORE,** the Board of Directors of the Midway City Sanitary District resolves as follows:

Section 1: The Purchasing Policy and Procedures attached hereto as Exhibit A are hereby

approved.

2. Section 2: The District's Purchasing Policy and Procedures adopted in 2014 and amended in 2015, 2016, and 2017 are hereby rescinded.

**PASSED AND ADOPTED**, at a regular meeting of the Board of Directors of Midway City Sanitary District of Orange County, California, held this 4th day of April, 2023.

## **MIDWAY CITY SANITARY DISTRICT PURCHASING POLICY AND PROCEDURES**

### **Section 1: Introduction**

This policy shall be known as the Midway City Sanitary District's (District) Purchasing Policy and Procedures (Policy). Its purpose is to: establish policies and procedures for the purchase of Goods, Services, and the award of Contracts for Public Works Projects at the lowest possible cost commensurate with the quality needed; exercise positive financial control over purchases; ensure the District complies with state laws governing the award of Contracts for Goods, Services and Public Works Projects; and clearly define authority for District purchases.

### **Section 2: Administrative Rules and Procedures**

### **Section 4: Specific Authorization for General Manager to Purchase and Enter into Contracts**

The Board of Directors may require that the General Manager provide periodic reports regarding Procurements made under such authorization to the Board of Directors at a regular meeting.
- B. The General Manager is authorized to approve Change Orders or amendments to Contracts for Goods and/or Services for changes or additions to the original scope of Goods and/or Services up to the cumulative amount of ten percent of the awarded Contract amount or \$15,000, whichever is greater, or as otherwise expressly authorized by the Board of Directors. For Change Orders or amendments to Contracts approved by the Board of Directors, the General Manager shall inform the Board of Directors of the Change Order or amendment at the next regular Board meeting after it is authorized. Except as set forth herein,

- changes to Contracts approved or awarded by the Board of Directors require Board of Directors' approval.
- C. The General Manager is authorized to execute agreements on behalf of the District, in a form approved District Counsel, providing for indemnification by the District of the other party to the agreement (a) where the value of the agreement, other than indemnification, does not exceed \$40,000 and Board of Directors' approval of the agreement is not otherwise required, or (b) for the use of public or private property by the District, provided, however, that any such indemnity provision shall be specifically limited to claims, losses, damages, or injuries arising from the District's use of such property.
- D. The General Manager shall have the authority to:
1. Determine the purchasing method(s) to be used, which shall be consistent with this Policy.
  2. Procure Goods, Services and/or award Contracts for Public Works Projects required by the District in accordance with the purchasing policies set forth in this Policy and/or as directed by the Board of Directors.
  3. Negotiate and recommend the execution of Contracts for the procurement of Goods, Services and/or Public Works Projects.
  4. Act to procure the needed quality in Goods and/or Services, along with the award of Contracts for Public Works Projects, at the least overall expense to the District.

  6. Endeavor to obtain as full and open competition as reasonable for Procurements.
  7. Prepare, update, and implement rules and procedures consistent with this Policy governing the purchase of Goods and Services, and the award of Contracts for Public Works Projects for the District.

### **Section 5: Decentralized Purchasing**

The District's purchasing system is decentralized in order to maintain a continuous supply of Goods and/or Services necessary to support the District's operations and meet the District's obligations to the public. Each Originating Department is responsible for compliance with the District's policies, procedures and any and all applicable laws.

### **Section 6: Authorization for Payment(s)**

Authority to approve payments for Goods, Services, and Public Works Contracts will lie with the District General Manager, subject to review by the Board Treasurer and approval and/or ratification by the Board of Directors at a Board meeting.

**Section 7: Encumbrance of Funds**

Except in cases of emergency, no Contract or Procurement shall be made for Goods, Services, or Public Works Projects unless an unencumbered appropriation in the current fiscal year budget can be identified, or unless authorized by the Board of Directors.

**Section 8: Ethics**

- A. District personnel shall not accept gifts, rebates, kickbacks, personal services, or in any way incur personal gain from any Contractor, actual or potential, doing business with the District.
- B. No District employee or Board Member shall have a direct or indirect individual interest in any Contract or purchase of goods or services entered into by the District, or shall derive any personal benefit from the District's purchase of Goods and/or Services. Without limiting the foregoing, no District employee or Board Member shall make any Contract, participate in the making of any Contract, or in any way attempt to use his or her official position to influence any decision on any Contract, in violation of Government Code sections 87100 *et seq.* or Government Code section 1090.
- C. No District employee or Board Member shall use the purchasing procedures to obtain property or services for personal use or by misrepresenting to Contractors that personal purchases are for the District (i.e., for the purpose of obtaining price discounts). Notwithstanding the above, Mechanics in the Fleet Maintenance Department may personally purchase their own tools from Contractors which may be used in the maintenance of the District's fleet. These tools are the property of the individual mechanic, and the District has no obligation to purchase or replace tools personally bought by the employee.

**Section 9: Bidding, Purchasing and Contracting for Goods and/or Services****A. \$10,000 or less:**

No bidding is required for Contracts for Goods and/or Services of \$10,000 or less, including all applicable taxes and shipping. At the discretion of the General Manager, at least two (2) quotes shall be obtained to ensure the lowest overall cost to the District.

**B. More than \$10,000, and up to and including \$125,000:**

Except as otherwise provided in this Policy, the following Informal Bid Process is required for Procurements of Goods and/or General (but not Professional) Services, including taxes and shipping, that is estimated to be more than \$10,000, and up to and including \$125,000:

1. Written informal bids or proposals shall be solicited from at least three (3) vendors identified by District staff not less than ten (10) days before bids/proposals are due.
2. **C. Over \$125,000:**

Except as otherwise provided in this Policy, a Formal Bid Process is required for procurements of Goods and/or General Services, including taxes and shipping, that is estimated to be over \$125,000. The District shall solicit formal sealed bids in accordance with the following procedures:

1. Publish a Notice Inviting Bids that contains (a) a description of the Goods and/or Services required, (b) a description of the selection process, (c) bidder's security requirement, if applicable, (d) performance bond requirements, if applicable, and (e) such provisions, terms, and conditions, consistent with this Policy, that are deemed necessary, desirable, and/or advantageous to the District;
2. Open the bids publicly at the time and place designated in the Notice Inviting Bids, and record the amount of each bid;
3. Determine whether the bids are responsive to the Notice Inviting Bids; and
4. Take one of the following actions:
  - (a) Award the Contract to the lowest Responsive and Responsible Bidder;
  - (b) Reject any and all bids presented and/or re-advertise the bid; or
  - (c) Declare that the Goods and/or Services may be acquired at a lower cost by negotiation in the open market and authorize the Procurement in that manner.

5. If two or more bids received are for the same total amount or unit price, the District may accept the one it chooses or accept the lowest bid made by negotiation with the tie bidders at the time of the award.

#### D. **Professional Services**

To ensure the selection of Professional Services are based on demonstrated competence and on professional qualifications necessary for the satisfactory performance of the services required, the following procedures shall be followed for the Procurement of Professional Services:

1. \$40,000 or less

For the Procurement of Professional Services estimated to cost \$40,000 or less, the General Manager shall informally request at least two (2) proposals from vendors providing the type of services needed. The General Manager shall engage the most qualified person or firm based upon demonstrated competence and on professional qualifications necessary for the satisfactory performance of the services required, as determined in the sole discretion of the General Manager. Over \$40,000

- (a) For the Procurement of Professional Services estimated to cost more than \$40,000, a Request for Proposals shall be issued for each Professional Service requested. Multiple projects may be bundled into one Request for Proposals such that multiple Contract awards may result from one Request for Proposals and selection may be based upon specialized services. Each Request for Proposals shall require that proposals contain, at a minimum, the following information:
  - i. The firm's qualifications for performing the proposed work.
  - ii. The firm's relevant experience and performance on similar projects.
  - iii. A fee proposal, based on the method of compensation specified in the Request for Proposal, and an estimate of total fees.
  - iv. The firm's ability to complete the work within the time allotted.
  - v. The personnel that will be assigned to the project.
  - vi. A statement that the firm's engagement for the project would not create a conflict of interest.
  - vii. Any other information required to properly evaluate the firm's qualifications and experience with similar projects.

- viii. Proposals for construction management services shall demonstrate that the designated personnel have expertise and experience in construction project design review and evaluation, construction mobilization and supervision, bid evaluation, project scheduling, cost-benefit analysis, claims review and negotiation, and general management and administration of a construction project.
- (b) The District shall publicize each Request for Proposals by one or more of the following methods:
  - i. Advertising in the publications of professional societies;
  - ii. Mailing, electronic mailing, or faxing the Request for Proposals to each vendor who has submitted a Statement of Qualifications;
  - iii. Mailing, electronic mailing, or faxing the Request for Proposals to at least three firms qualified to furnish the required services as identified in the Qualified Bidders List or as otherwise identified by District staff;
  - iv. Posting the Request for Proposals on the District website; and/or
  - v. Using other publication methods that may be beneficial to increasing the number of qualified proposals received by the District.
- (c) The General Manager shall evaluate the proposals for the Board of Director's review. In his or her discretion, the General Manager may appoint an evaluation committee to evaluate the proposals.
- (d) All proposals shall be evaluated and ranked, from most qualified to least qualified, based on each firm's demonstrated competence and professional qualifications necessary for the satisfactory performance of the services required.
- (e) The General Manager may conduct interviews of firms based on the proposal rankings in order to determine final rankings.
- (f) At the Board's Direction, the General Manager shall negotiate a Contract with the firm that the General Manager and/or the evaluation committee deems to be most qualified. If the General Manager is unable to negotiate a satisfactory Contract with the firm deemed to be most qualified, the General Manager shall terminate negotiations with that firm and may negotiate with the firm deemed to be second most qualified. If those negotiations fail, the General

Manager shall negotiate with the third most qualified firm, and so on, until an agreement is reached or the General Manager determines that it is in the best interest of the District to reject the remaining firms. If the Board of Directors determines that it is in the best interest of the District, the Board of Directors may award more than one Contract to the most qualified firms or reject all proposals.

**E. Emergency Purchases for Goods and/or Services**

Where the Board of Directors or General Manager determines that an emergency exists, any one of them may authorize the purchase of Goods and/or Services without following the District's procurement procedures set forth herein, including competitive bidding procedures and/or obtaining contracting approval as otherwise normally required. If the emergency purchase is for Professional Services, such purchase shall be based upon a vendor's demonstrated competence and qualifications for the types of services to be performed at a fair and reasonable price. For the purposes of this exception, emergency procurements are those purchases that are required to prevent immediate interruption or cessation of necessary services or to safeguard life, property, or the public health and welfare.

For all emergency purchases that would otherwise require Board of Directors' approval due to contract amount, or which would have otherwise required a Formal Bid Process, the General Manager shall inform the Board of Directors of the Procurement at the next regular Board meeting after the purchase is authorized.

**F. Prevailing Wage Service Contracts**

Contracts over \$1,000 for certain Services, including, but not limited to, installation, maintenance, repair work, or certain other work done for the District, may be Prevailing Wage Contracts subject to the requirements of Labor Code section 1720 *et seq.* and other laws and requiring the payment of prevailing wages. including, without limitation, requirements that Contractors be registered with the Department of Industrial Relations ("DIR") and maintain certified payroll records, and that for Prevailing Wage Contracts over \$25,000 involving construction, alteration, demolition, installation, or repair work, and Prevailing Wage Contracts over \$15,000 involving maintenance work, the District not enter into or award a Contract to a Contractor that is not registered with the DIR and that the District submit notice of Contract award through DIR's PWC-100 system within 30 days of the award, but in no event later than the first day in which a Contractor begins work. Notwithstanding the provisions of this Policy, for Contracts for Services that are Prevailing Wage Contracts, a Procurement

process shall be utilized, which complies with all aspects of state and local law governing Prevailing Wage Contracts, including, but not limited to, the Public Contract Code, Labor Code, State Regulations, Ordinances, Resolutions and Policies of the Board of Directors as may be adopted from time-to-time.

## **Section 10: Bidding, Purchasing and Contracting for Public Works Projects**

### **A. \$15,000 or Less**

A Formal Bid Process is not required for Public Works Projects valued at \$15,000 or less. For Procurement of Public Works Projects valued at \$15,000 or less, the processes identified for Goods and/or Services above may be used based on the corresponding monetary value.

### **B. More than \$15,000**

1. For Procurement of Public Works Projects over \$15,000 and subject to Public Contract Code section 20800 *et seq.*, a Formal Bid Process shall be utilized, which complies with all aspects of federal, state and local law governing formal competitive bidding, including, but not limited to, the Public Contract Code, Government Code, Labor Code, State Regulations, Federal Regulations, grant requirements, Ordinances, Resolutions and Policies of the Board of Directors as may be adopted from time-to-time.
2. The notice inviting formal bids shall comply with the requirements set forth in Public Contract Code section 20804. At a minimum, the notice inviting formal bids shall:
  - (a) Describe the project in general terms and state the project to be done;
  - (b) State how to obtain more detailed information about the project. The specifications shall not call for a designated material, product, thing, or service by specific brand or trade name unless the District complies with the requirements under Public Contract Code section 3400 *et seq.*;
  - (c) State the deadline, including date, time and place, for the submission of sealed bids that is at least ten (10) calendar days after publication or posting of the notice;
  - (d) Require bidders to post one of the following forms of bidder's security: (a) cash, (b) a cashier's check made payable to the District, (c) a certified check made payable to the District, or (d) a bidder's

bond executed by an admitted surety insurer, made payable to the District;

- (e) State that a payment bond is required for a Contract for a Public Works Project involving an expenditure in excess of twenty-five thousand dollars (\$25,000) as required pursuant to Civil Code section 9550. For Contracts at or below \$25,000, a payment bond may be required;
  - (f) Include a provision stating that the Contractor will be permitted to substitute securities for any monies withheld by the District to ensure performance of the Contract pursuant to Public Contract Code section 22300;
  - (g) Specify the classification of the contractor's license the Contractor must possess at the time a Contract is awarded as required pursuant to Public Contract Code section 3300;
  - (h) Include all statements required to be included in calls for bids and bid invitations for Prevailing Wage Contracts pursuant to State law, including, without limitation, Labor Code sections 1771.1(b) and 1771.4(a) and Public Contract Code section 6109;
  - (i) Advise vendors that the District may reject any and/or all bids received and re-advertise, and that the District may waive any minor irregularities in each bid received;
  - (j) Set forth a procedure that shall be followed in the event of a tie between the lowest Responsive and Responsible bidders;
  - (k) Include any other information required by federal, state or local law, as applicable, or whatever provisions, consistent with this Policy, that the General Manager determines are necessary, desirable, and/or advantageous to the District.
3. Each notice inviting bids shall be published in a newspaper of general circulation or posted in at least three public places in the District at least ten (10) days before the date for the opening of bids consistent with the requirements set forth in Public Contract Code section 20804.

Bid Opening:

- (a) Sealed bids shall be submitted to the place designated in the notice inviting bids, time stamped when received, and shall clearly identify the bidder and the name of the project on the envelope.

- (b) Bidders may modify or withdraw their bids prior to the deadline for submitting bids, without penalty. However, any modifications submitted after the bid opening will not be accepted. Such modification will be returned to the bidder, unopened.
- (c) Bids shall be opened in public at the time and place stated in the public notice.
- (d) The General Manager or his/her designee shall open the bids and shall record all bids received.
- (e) Bids shall be submitted so that they will be received at the place designated in the notice inviting bids not later than the exact time specified in the notice. Any bid received after the exact time specified in the notice shall be returned to the bidder, unopened. A bid shall be considered to have been timely submitted if it is received at any time during the sixty second duration of the minute of the exact time specified in the notice (for example, if the notice provides that the bid is to be submitted no later than 2:00, the bid will be considered timely submitted as long as it is received before 2:01).
- (f) When a bidder's security is required, it will be announced in the public notice inviting bids. The amount shall be determined at the time of preparation of the bid. When a bidder's security is required, a bid shall not be considered unless one of the aforementioned forms of security accompanies the bid. Unsuccessful bidders shall be entitled to return of the bid security within a reasonable period of time, but no later than 60 days from the time award is made.

The successful bidder must execute the Contract and file acceptable documents within thirty (30) calendar days from the date of award unless extended in writing by the General Manager. Failure to execute the Contract shall be just cause for annulment of the award and forfeiture of the bidder's security, not as a penalty, but as liquidated damages. The Board of Directors may, upon refusal or failure of the successful bidder to execute the Contract, award the Contract to the next lowest Responsive and Responsible Bidder.

#### 4. Bid Protests:

- (a) Any bidder claiming that another bidder is not a Responsive and Responsible Bidder shall submit a formal written protest conforming to the requirements of this section to the General Manager or his/her designee in person, by U.S. mail, or to the address and in the manner

---

otherwise specified in the bid solicitation. Any protest not conforming to the requirements of this section may be rejected as invalid.

- (b) Unless a longer period is specified in the request for bids, to be considered a valid protest, a bid protest must be received by the General Manager or designee no later than 5:00 p.m. on the fifth business day after the date of the bid opening. If the fifth business day falls on a weekend or a District holiday, the deadline to submit a protest shall be extended to 5:00 p.m. on the next business day.
- (c) A bidder submitting the protest shall concurrently transmit a copy of the protest to the bidder deemed the apparent lowest bidder and to any other bidder that is the subject of the protest.
- (d) Bid protests must include the name, address and telephone number of the protestor and/or the person representing the protesting party. The written protest must set forth, in detail, all grounds for the protest, including, without limitation, all facts, supporting documentation, legal authorities, and arguments in support of the grounds for the protest. All factual contentions must be supported by evidence. Any matters not set forth in the formal written protest will be deemed waived.
- (e) The General Manager shall review a timely bid protest and transmit a written determination on the protest stating the reasons for the determination to the protesting bidder and all other affected bidders. Such determination may be transmitted by U.S. mail or email and shall be deemed transmitted on the date it is deposited in the U.S. mail or sent via email. The General Manager may base his/her determination on the written protest alone or may informally gather evidence from the person(s) filing the protest or any other person having relevant information.
- (f) If a bidder disagrees with the determination on the protest made by the General Manager, the bidder may appeal the General Manager's determination to the Board of Directors. Any such appeal shall be in writing and shall be filed with the General Manager within five business days of transmittal of the General Manager's determination. The Board of Directors shall not consider award of the Contract until the time for appeal has expired.
- (g) The procedures and time limits set forth in this section are mandatory and are a bidder's sole and exclusive administrative remedy in the event of a bid protest. A bidder's failure to comply with these procedures shall constitute a waiver of any right to further pursue a bid protest and/or legal challenge to the District's award of the Contract.

5. Evaluation of Bids:

The General Manager shall independently evaluate and determine whether each bidder is a Responsive and Responsible Bidder and make a recommendation to the Board of Directors regarding award of the Contract. The Board of Directors shall award the Contract to the lowest Responsive and Responsible Bidder. In determining whether a Bidder is Responsible, the District will take into consideration:

- (a) Ability, capacity, and skill;
- (b) Ability to meet the time requirements;
- (c) Character, integrity, and reputation;
- (d) Previous Contractor experience;
- (e) Financial resources available for contract performance;
- (f) Ability to provide future maintenance and service (warranties), if necessary; and
- (g) Any other criteria identified in request for bids, instructions to bidders or specifications relevant to the trustworthiness, quality, fitness, or capacity of a bidder to perform the Contract.

If the General Manager determines that any bidder is not a Responsive Bidder and/or a Responsible Bidder, the General Manager shall notify the bidder in writing of the basis of this determination and any related information or evidence received from others or adduced as a result of an independent investigation, afford the bidder an opportunity to rebut such determination and/or adverse evidence, and permit the bidder to present evidence that it is a Responsive and Responsible Bidder prior to consideration of award of the Contract by the Board of Directors.

6. Rejection of Bids:

The District reserves the right to reject any and/or all bids, to accept or reject any one or more items of a bid, or to waive any irregularities or informalities in the bids or the bidding process if it is deemed in the best interest of the District.

If, after the first invitation of bids, all bids are rejected, the District may elect to re-advertise for bids, re-evaluate the project, or cancel the project to consider it at a later date.

7. Tie Bids:

If tie low responsive and responsible bids are received, quality and service being equal, the District may, at its discretion:

- i. Reject any and/or all bids presented and re-advertise;
- ii. Accept either one or accept the lowest bid made by negotiation with the tie bidders; or
- iii. Award the bid to any one of the low tie bidders by lot occurring during a public meeting.

8. No Bids:

If the District does not receive any bids for a particular project, the Board of Directors may have the project done without completing a further Formal Bid Process, and the Board of Directors may direct the General Manager to award a construction Contract through a Negotiated Procurement.

10. Awarding:

Unless the District rejects all bids, the Board of Directors shall award the Contract to the lowest Responsible and Responsive Bidder. The Board of Directors shall award the Contract during a public meeting. For Contracts over \$25,000, the Board of Directors shall require that the Contractor awarded the Contract file, before commencement of work, a payment (performance) bond that is no less than 100 percent of the total amount due under the Contract. For Contracts at or below \$25,000, a payment (performance) bond may be required.

11. Change Orders:

The General Manager and/or Finance Director are authorized to approve Change Orders for changes or additions to the original scope of services up to the cumulative amount of ten percent of the awarded contract amount or \$15,000, whichever is greater, or as otherwise expressly authorized by the Board of Directors. For such Change Orders, the General Manager shall inform the Board of Directors of the Change Order at the next regular Board meeting after it is authorized. Except as set forth herein, changes to formal Contracts awarded by the Board of Directors require Board of Directors' approval.

12. Specified Emergencies:

In the event of an emergency as defined in Public Contract Code section 1102 as "a sudden, unexpected occurrence that poses a clear and imminent danger, requiring immediate action to prevent or mitigate the loss or impairment of life, health, property, or essential public services" or as

described in Public Contract Code section 20806 as "work to prepare for national or local defense", the District may enter into a Contract for the construction of a Public Works Project through Negotiated Procurement if the Board of Directors adopts findings by a four-fifths vote of its members declaring that the public interest and necessity demand the immediate expenditure of District funds to safeguard life, health, or property. In the event the Board of Directors is unavailable in an emergency, as defined in this paragraph, the General Manager is authorized to enter into a Contract for the repair or replacement of a public facility, take any directly related and immediate action required by that emergency, and procure the necessary equipment, services, and supplies for those purposes, without following the District's procurement procedures set forth herein, including competitive bidding procedures and/or obtaining contracting approval as otherwise normally required. The District shall comply with the requirements set forth in Public Contract Code section 20806 and Public Contract Code sections 22050 *et seq.*, for specified emergencies.

**C. Design-Build**

Where authorized by the Public Contract Code or other statute, the District may utilize a design-build selection process for the award of Public Works Contracts.

**D. Prevailing Wage Contracts for Public Works Projects**

Contracts over \$1,000 for Public Works Projects are Prevailing Wage Contracts subject to the requirements of Labor Code section 1720 *et seq.* and requiring the payment of prevailing wages, including, without limitation, requirements that Contractors be registered with the Department of Industrial Relations ("DIR") and maintain certified payroll records, and that for Prevailing Wage Contracts over \$25,000 involving construction, alteration, demolition, installation, or repair work, and Prevailing Wage Contracts over \$15,000 involving maintenance work, the District not enter into or award a Contract to a Contractor that is not registered with the DIR and that the District submit notice of Contract award through DIR's PWC-100 system within 30 days of the award, but in no event later than the first day in which a Contractor begins work.

**Section 11: Other Exceptions from Bidding Requirements**

- A. It is recognized that no set of rules or procedures can take every circumstance into account, and it is also recognized that occasionally circumstances may arise where it is in the District's best interest to deviate from them. In such cases the department supervisors shall bring the need to the General Manager's attention. The General Manager, on a case-by-case basis, may waive any of the requirements of this Policy for purchases of Goods and/or Services of \$40,000 or

- less. The District Board of Directors, on a case-by-case basis, may waive any of the requirements of this Policy for (1) purchases of Goods and/or Services greater than \$40,000 or (2) the award of Contracts for Public Works Projects greater than \$15,000, if permitted by State law.
- B. Where specified in this Policy, Goods and Services may be purchased by, and the award of Contracts for Public Works Projects may be made by, Negotiated Procurement. Negotiated Procurements are permitted: (1) where competitive bidding would be impossible, impractical, or incongruous, or would not result in any advantage to the District in its efforts to contract for the greatest public benefit; (2) in an emergency; (3) when the Goods and/or Services can be obtained from only one source or the price is controlled by law; (4) when the amount involved is \$10,000 or less; or (5) where compelling economic or administrative considerations warrant employment of alternate purchasing procedures. Such considerations may include, but are not limited to, circumstances in which services have been previously rendered by a Contractor who has thereby gained and exhibited unique and/or superior experience and/or expertise in relation to the District's operational requirements. Such procurement shall be negotiated by the General Manager as authorized by the Board of Directors.
- C. No provision in this Policy shall be interpreted or construed to prohibit or prevent the District from renewing or extending existing Contracts for Goods and/or Services, provided that normal procurement procedures were used in the original selection. Renewal or extension of such Contracts obligating the District to any payment exceeding \$40,000 per year shall be subject to approval by the Board of Directors.
- D. When another public agency or government purchasing cooperative organization has awarded a Contract for Goods and/or Services pursuant to a process substantially similar to the processes described in this Policy, the District may acquire such Goods and/or Services on the same or substantially similar terms without conducting its own separate Procurement process. Cooperative and "piggyback" purchasing provides a means for the District to join with other public agencies, businesses, or government purchasing cooperative organizations for the purpose of collectively preparing specifications, and requesting and receiving bids, quotations, or proposals, or utilizing the quotations and bids obtained by other governmental agencies. Examples of cooperative or piggyback purchasing include, but are not limited to, purchases made using another agency's contract, joint buying within a regional area, participation in the State of California Multiple Awards Schedules (CMAS) program and statewide commodity contracts and the utilization of contracts negotiated by municipal leagues or organizations such as the California Special Districts Association (CSDA), and California Association of Sanitation Agencies (CASA). Any Contract or arrangement for such cooperative purchases shall be subject to approval by the Board of Directors if such approval would otherwise be required. The General Manager shall inform the Board of Directors any cooperative or piggyback purchases made within the purchasing authority of the General Manager at the next regular Board meeting after the purchase is made.

**Section 12: Sole Source**

Sole Source procurement of Goods and/or Services shall not be used unless there is substantial evidence that only one source exists to fulfill the District's requirements. The Services necessary to monitor, maintain, and service the District's sewer SCADA system, which are currently reasonably available from a single vendor, is one example of Sole Source Procurement is appropriate. Except as otherwise authorized in emergency situations, all Sole Source purchases over \$40,000 require approval by the Board of Directors.

Sole Source purchases shall be well documented and provide verification that a good faith search for competition has been made or that the requested item or service provider is deemed to be the only one practicably available.

Sole Source restrictions may be waived in the event of an emergency in order to protect the health and safety of the community.

**Section 13: Solid Waste and Recycling Carts and Bins**

Solid waste and recycling carts and bins are typically ordered in bulk to meet the needs of the District and to take advantage of cost savings whenever feasible. A single order for carts or bins may exceed the dollar amount triggering use of an Informal Bid Process as set forth in Section 10. Notwithstanding Section 10, herein, the General Manager is authorized make such purchases so long as such purchases are within the District's approved budget, or unless otherwise directed by the Board of Directors. For purchases under this Section that would otherwise require Board of Directors' approval, the General Manager shall inform the Board of Directors of the Procurement at the next regular Board meeting after the purchase is authorized.

**Section 14: Local Preference**

For the purchase of Goods and/or Services, excluding Contracts for Public Works Projects, when two or more proposals or request for quotations are the same, in unit, quality, service and total cost, preference may be given to the Local Vendor.

Preference may be given to a Local Vendor if the quote for Services or Goods, including all applicable taxes and shipping, is no more than 5% higher than the lowest bid (quote) received.

**Section 15: Surplus Property**

The Board of Directors shall approve the disposition of all Surplus Property. Surplus Property may be offered for sale using any of the processes identified below, transferred to another Department, traded-in for new equipment or material, donated, recycled or disposed of through the solid waste collection system. All Surplus Property that is for sale shall be sold "as is" and "where is," with no warranty, guarantee, or representation of any kind, expressed or implied, as to the condition, utility or usability of the property offered for sale or as otherwise directed by the Board of Directors. Appropriate methods of sale are as follows: public auction; sealed bids; negotiated sale; sell as salvage; or as otherwise directed by the Board of Directors.

**Section 16: Execution of Contracts**

After award, all Contracts for Goods and/or Services at or under \$40,000, and all Contracts for Public Works Projects at or under \$15,000, shall be executed on behalf of the District by the General Manager unless otherwise directed by the Board of Directors. Contracts for Goods and/or Services over \$40,000, and Contracts for Public Works Projects over \$15,000, shall be executed on behalf of the District by the President of the Board of Directors, or his or her designee, after Board approval, unless the Board of Directors authorizes the General Manager to execute the Contract. Prior to execution of any Contract, the Contractor shall demonstrate that it is authorized to do business in California, the County of Orange, and the City of Westminster. Contractors that are organized as a corporation, limited liability company, or other entity under the laws of another state must be properly registered with the California Secretary of State pursuant to applicable law.

**Section 17: Approval by General Counsel**

District Counsel shall approve, in writing, the District's standard Contract (agreement) form. In the event that the District's standard Contract form is not applicable, the Board of Directors or General Manager, at their discretion, may direct District Counsel to review any other Contract for approval as to form.

**Section 18: Noncompliance**

Any Contract entered into which fails in any respect to comply with the provisions of this Policy may be voided by the Board of Directors.

**Section 19: Precedence over Prior Policies, Procedures, or Actions**

Upon approval by the Board of Directors, this Policy shall be deemed to take precedence over any other prior Board of Director policies, procedures, or actions that are in conflict with or inconsistent with the provisions of this Policy. If Staff identifies any conflict or inconsistency between this Policy and any other approved District policy or procedure, Staff shall inform the Board of Directors of such conflict or inconsistency in writing.

Except as otherwise noted, this Policy applies to all District Board members and employees. This Policy is intended to serve as the District's "Accountable Plan" under the applicable Internal Revenue Code and Treasury Regulations.

**II. ACTIVITIES QUALIFYING BOARD MEMBERS AND EMPLOYEES FOR EXPENSE REIMBURSEMENT**

**A. Board Members**

The following types of occurrences qualify Board members to receive reimbursement for authorized actual and necessary expenses incurred in the performance of official duties and/or while on official District business, provided attendance/participation has been authorized by the Board of Directors and the requirements of this Policy are met.

- (1) Meetings with federal, state, regional or county officials regarding legislative or regulatory issues affecting the District and over which the officials have jurisdiction.
- (2) Attending conferences and/or educational seminars designed to improve the attendee's expertise and information levels, including, but not limited to, ethics training required pursuant to Government Code Section 53234.
- (3) Participating in regional, state, and national organizations whose activities or interests may affect the District's interests.
- (4) Attending District sponsored or co-sponsored events and promotional activities.
- (5) Attendance at such other meetings or events or the performance of other such official duties in the interest of the District, which are approved by the District's Board of Directors.

**B. District Employees**

District employees shall be entitled to receive reimbursement for authorized actual and necessary expenses incurred in the performance of official duties and/or while on official District business, provided attendance/participation has been duly authorized and the requirements of this Policy are met.

Subject to prior authorization of the Board of Directors, the General Manager, Finance/Human Resources Director, and Director of Operations/Safety may attend such conferences, meetings, and events requiring out-of-county travel as necessary in the performance of their official duties.

Other District employees, at the discretion of the General Manager, and upon approval by the Board of Directors, may attend up to two conferences per year. A maximum of eight days will be allowed. Any additional time will be charged to vacation and no expenses will be paid over the eight days. Each employee must check with the General Manager at least two weeks prior to attending a conference to insure that their duties will be covered.

**III. EXPENSE AND REIMBURSEMENT GUIDELINES**

Reimbursement for all expenses incurred for travel, conference/meeting registration fees, lodging, transportation, parking, meals, and other incidental expenses shall be subject to the guidelines set forth in this Section. For purposes of this Policy, "reimbursement" means all forms of payment for expenses incurred by District Board members and employees in the course of their official duties whether paid directly by the District (including without limitation, with a District-issued credit card) or advanced by District Board members and employees with personal funds and later reimbursed from District funds. Unless otherwise specifically provided herein, reimbursement for travel, meals, lodging, and other actual and necessary expenses shall be at the Internal Revenue Service rates presently in effect as established in Publication 463 or any successor publication. All expenses not covered by this Policy, or which are in excess of the reimbursable rates set forth in this Policy, shall not be reimbursable unless approved by the Board of Directors at a public meeting.

A. Conference Registration and Related Costs

Conference registration should be arranged in advance through the General Manager. All fees for registration, tuition, and educational materials provided at conferences and similar events are reimbursable.

B. Transportation

The most economical mode and class of transportation reasonably consistent with scheduling needs and space requirements should be used, using the most direct and time-efficient route. Government and group rates offered by a provider of transportation services should be used when available if they present the least expensive fare. Public transportation and car-pooling should be utilized when it is practical and less expensive.

1. Air Travel

Air travel to and from a conference/meeting/event location, along with associated airline baggage fees, is reimbursable at coach class level. Reimbursement for first class or business class travel will only be allowed on an exception basis and must be approved in advance by the Board of Directors, based upon the physical needs or ability to conduct meaningful work while on board. All air travel should be arranged in advance through

the General Manager, if possible, and should be arranged as early as possible to take advantage of reduced fares for early reservations.

2. Ground Transportation

- a. Automobile. Travel to and from a conference/meeting/event location via personal automobile is reimbursable at the Internal Revenue Service per mile rate in effect at the time of such travel, provided, however, that such reimbursement shall not exceed the equivalent of 750 miles round trip. The IRS rates are designed to compensate the driver for gasoline, insurance, maintenance, and other expenses associated with operating the vehicle. The IRS mileage rates do not include bridge and road tolls, which shall be separately reimbursable.
- b. Car Rental. Rental vehicles may be used for travel to and from a conference/meeting/event location when use of a rented vehicle is a necessity and is less expensive than other reasonably available means of travel. Itemized receipts must be submitted with vehicle rental reimbursement requests.
- c. Taxis / Shuttles / Public Transportation. Reasonable and necessary charges for public transportation, taxi, or shuttle service associated with travel to, from, or at a conference/meeting/event locations are reimbursable at actual cost with receipts.
- d. Parking. Parking expenses associated with (i) the use of personal or rented vehicles for authorized travel or (ii) airport parking when air travel is utilized are reimbursable at actual cost with receipts.

C. Lodging

Lodging costs will be reimbursed or paid for when travel on official District business reasonably requires an overnight stay. All lodging shall be arranged in advance through the General Manager, if possible. Government and group rates offered by a provider of lodging services shall be used when available. If such lodging is in connection with a conference or organized educational activity, lodging costs shall not exceed the maximum group rate published by the conference or activity sponsor, provided that lodging at the group rate is available at the time of booking. If the group rate for lodging in connection with a conference or organized educational activity is not available, the Board member or employee shall use comparable lodging that is: (a) consistent with the Internal Revenue Service rates for reimbursement of lodging as established by IRS Publication 463, or any successor publication; or (b) at a government rate, if offered by a lodging provider.

Non-reimbursable lodging-related expenses include, but are not limited to, costs for an extra person staying in the room, costs related to un-cancelled reservations, in-room pay-per-view

movie rentals or mini-bar service, laundry service, and non-District business related telephone calls. Receipts must accompany all requests for lodging reimbursements.

D. Meals and Incidental Expenses

Subject to the limits set forth below, actual expenses incurred for meals, telephone gratuities, baggage handling, and other incidental expenses will be reimbursed when incurred during authorized travel or in conjunction with an authorized District-business meeting or event. Meal expenses and gratuities should be moderate, taking into account community standards and the prevailing restaurant costs of the area. All reimbursements sought for meals and incidental expenses should be supported by proper receipts.

Unless otherwise approved by the Board of Directors, Board members and employees shall be reimbursed at no more than the per diem rate set forth below. Where justified under the circumstances, reimbursement of actual expenses in an amount greater than the per diem rate may be reimbursed following review of the Board Treasurer and approval by the Board of Directors at a public meeting. Any amount paid or otherwise advanced by the District for meals and incidental expenses in excess of the authorized reimbursement amount shall be returned to the District.

E. Per Diem Advances

Upon request, Board members and eligible employees may claim an advance in an amount up to \$50 per day (the "per diem rate") for meals and incidental expenses associated with District business where an overnight stay is required. Board members and employees claiming a per diem advance must submit itemized receipts for all meals or incidental expenses purchased with the per diem advance. Any unused per diem advance funds shall be returned to the District within thirty (30) days.

F. Unauthorized Expenses

No reimbursement shall be allowed for the following:

1. Personal expenses, including, but not limited to, expenses incurred for in-room pay-per-view movies, laundry service, barbering or salon services, spa services, or non-District business related telephone calls;
2. Entertainment, except when it is a regularly scheduled part of the conference/meeting/event being attended;
3. The purchase of alcoholic beverages (Note: pursuant to the District's Drug and Alcohol Policy, District employees shall not use or be under the influence of alcohol or any non-prescription drugs while on District business);
4. Travel companion expenses, including spouse, friend, partner, or family member expenses when accompanying a Board member or employee on District-related business;
5. Any additional travel, lodging or other expenses incurred as a result of the election of the Board member or employee to travel to an event in advance or stay longer than necessary on personal business;

6. Political or charitable contributions, including without limitation, any portion of a ticket or pass to an event that is treated or recognized by the event sponsor as a charitable contribution.
7. Expenses for which the Board member or employee receives reimbursement from another agency;
8. Non-mileage automobile expenses incurred, including repairs, traffic citations, insurance, or gasoline;
9. Personal losses incurred while on District business (e.g., theft or property destruction); and
10. Any expense which is not covered by this Policy which has not been approved by the Board of Directors before the expense is incurred.

Any questions regarding the propriety of a particular type of expense should be resolved before the expense is incurred.

G. Reporting

All per diem advance expenditures and expense reimbursement requests must be submitted on an expense report form provided by the District's General Manager. Expense reports must document that the expense in question met the requirements of this Policy. Board members and employees should submit their expense reports within 30 days of an expense being incurred, accompanied by itemized receipts documenting each expense. Receipts for gratuities and tolls \$5 and under are not required, but should be provided if available. Inability to provide such documentation in a timely fashion may result in the expense being borne by the Board member or employee. All reported expenses are subject to verification of accuracy and compliance with this Policy.

Pursuant to Government Code Section 53232.3, Board members shall provide a brief report on any conferences, meetings, or events attended at the District's expense at the next regular meeting of the Board of Directors.

**IV. COMPLIANCE WITH LAWS**

Board members and employees should keep in mind that some expenditures may be subject to reporting under the Political Reform Act and other laws. All documents related to reimbursable District expenditures, including, but not limited to, expense reports, receipts, and written evidence of direct District advances or payments for expenses, are public records subject to disclosure under the Public Records Act.
